

HELP PROVIDE WATERSHED RESIDENTS WITH THE SKILLS, TRAINING, AND EXPERTISE THEY NEED!

The CWC Workforce Development Program (WDP) now provides grant funding to qualified organizations that offer training, education, and support services. The goal is simple: to build a stronger, more skilled local workforce that supports the economy and protects the environment of the WOH Watershed.

What is the Program For?

The CWC is looking for innovative projects that help residents gain the knowledge and skills needed for in-demand careers in the WOH Watershed.

Fundable projects could be::

Training & Skills	Career Support	Breaking Down Barriers
Training for high-demand jobs in the local economy.	Professional licenses and certifications courses.	Enabling Services like childcare, transportation, and housing assistance.
Hands-on experience through paid internships and apprenticeships.	Reconnecting individuals who are neither in school nor working with career opportunities .	Improving access to broadband and technology for digital literacy.
Training for Watershed Protection jobs.	Support for individuals with disabilities .	Preparing youth (ages 13-30) for the future of work .

Who's Eligible?

- ✓ Public, private or charter schools, colleges, Board of Cooperative Education Services, vocational or trade schools
- ✓ Not-for-profit corporations
- ✓ Public entities
- ✓ Private incorporated employers
